Overview

The property encompasses three lots, situated in close proximity to the park. It features an 18 x 35 shed with electricity on the corner lot, which can be rented out or utilized for various projects or storage. The residence is a manufactured home that was expanded in 2003. This open concept home includes two bedrooms and two bathrooms, along with an electric fireplace in the living room. Additionally, there is a 20 x 14 bonus room (excluded from the square footage) with stamped concrete flooring, lacking heating or cooling, currently serving as a game room. The home is equipped with a house generator, pre-wired and ready to operate in case of power outages. An expansive, attached garage is also present. The large porch, designed to accommodate ample patio furniture, provides a splendid view of the park.
