## Overview

This great, affordable home is over 1500 square feet! You will love living in this secure 2nd floor home. You'll walk up the stairs to the large, bright, vaulted living/dining room. The kitchen is so spacious with plenty of counter space and cabinets. The eating area is surrounded by windows, too! The large primary bedroom has plenty of space for your furniture and 2 nice closets for all your things. There's a big private bath with tub and separate shower. The 2nd bedroom is secluded from both the primary bedroom and 3rd bedroom/den. The den is perfect for either an office, reading room or 3rd bedroom. You will love the space! The laundry is handy with full sized washer and dryer. Off the living room you can relax on your private deck and enjoy the view. It's so great to have a garage included at this low price! Such a convenient location, near schools, not far from Randall Road shopping, and minutes from I-90! The association has its own private pool and clubhouse, AND you're so close to the lake for swimming, boating and playing, plus Three Oaks Recreation Area, also with swimming, boat and paddle board rentals and wakeboarding! It's not just a home, it's a lifestyle! Air conditioner is a couple months new. Illinois licensed Broker has interest.
