Overview

You cannot beat this location! Convenient to shopping, restaurants, grocery store, and Ingram Planetarium! This is the last home available in Seaside Village. Located on a private street with a beautiful pond view from the rear of the home. The pond serves as the state stormwater pond for the Village and Sunset Beach and no homes will be built between this community and The Sanctuary development, making this property a rare find. Enjoy the privacy of this single family home while still being less than 5 minutes from Sunset Beach! This 3-bedroom, 2-bath home features LVP flooring throughout, granite countertops in the kitchen, and comes standard with a Samsung range and microwave. Refrigerator, washer and dryer hookups are ready. Ceiling fans with lights come installed and the spare bedrooms are pre-wired making installing your own ceiling fans in those rooms an easy task! Call to schedule your showing today!
