Overview

This beautiful 1 1/2 story, 4 bedroom, 2 full bathroom home offers a comfortable and inviting living space. The primary suite is conveniently located on the main level providing easy access and privacy, it also offers a WIC closet, the primary bath has a whirlpool tub with a separate shower with double sink vanity. The main floor boasts vaulted ceilings in the cozy family room and 2 secondary bedrooms. The spacious kitchen is well-equipped with ample cabinet space and features a breakfast area with a breakfast bar, ideal for casual dining, but is also complemented by an open concept dining area. A full bath on this level adds convenience for guests. On the second floor, you'll discover the 4th bedroom with a walk in closet, or this room could be used for a home office or hobby room. The covered concrete patio and fully fenced-in back yard is absolutely perfect for entertaining and outdoor activities. This home also offers an in ground sprinkler system, mature landscaping and is move-in ready.
