Overview

Have you always dreamed of owning a log home overlooking a peaceful lake, nestled amongst the towering trees, with plenty of wildlife? Then this home could be your fantasy! Fall in love with this 1.5 story, real log home situated on 0.95 acres that overlooks the picturesque Doe Valley Lake. The private dock with diving platform and 3 boat slips is one of the most desired features of this home. You will appreciate the paved cart path, allowing you to use your golf cart to take your coolers and picnic baskets from the house to the boat with ease. After a great day on the lake, this home can accommodate your next cookout and have plenty of room to host any extra overnight guests. Any cooking enthusiast will appreciate the large and open concept, along with the granite countertops and oak kitchen cabinetry. The dining area has a large bay window with the best view of the lake. The creekstone fireplace gives ambiance to the space, and makes a great place to sip hot cocoa in the cooler months. The owner's suite is located on the upper level, and hosts a quiet area to read a book, along with a large bedroom with 2 large walk in closets, and the en suite bathroom has a soaking tub that overlooks the lake. There is generous steam shower, dual vanity and 2-way gas fireplace. The 3 car attached and climate controlled garage has a half bath, and a finished office/home gym area above the extended height bays. The finished basement is the perfect place to watch a

movie or play a game of pool. Come and see it for yourself. But with all these great features and more, this home won't last long... especially at this price. And did I mention that this rare grandfathered property only has a \$35 a year HOA fee with an OPT IN option?? What more could you want?
