Overview

This well-built 3 bed 2 bath home is located on a corner lot with a 2 car attached garage. It has been updated through out the living area with vinyl flooring that was installed within the last few years. There in the living room you will find a gas fire place and stairs leading to the basement. The master bedroom has its own secluded bathroom and the hallway bath has double sinks in the vanity. You can get to the backyard through the lovely sunroom that offers a working sink and lots of natural light. A perfect place to host some beautiful flowers! There is a storage shed located in the backyard with a concrete floor. New pictures will be added after the estate sale
