## Overview

Welcome to this delightful four bedroom, one bathroom home that's perfectly situated on a half-acre lot with room to grow! Step inside and be greeted by the fresh coat of paint in the living room and primary bedroom, enhancing the warmth and brightness that flows through the large windows. The main floor features the primary bedroom, full bathroom, kitchen, and laundry room. Upstairs, there are two additional bedrooms with an additional sitting room or playroom. This versatile additional space offers endless possibilities; whether you envision a cozy office, play area, or man cave for relaxation and entertainment. Outside, you'll find two storage sheds that are included, providing ample room for outdoor tools, equipment, or personal belongings. The wrap-around porch invites you to soak in the serenity or enjoy a cup of coffee in the morning. Don't miss your chance to to make this versatile and inviting home your own. Schedule your showing today!
