Overview

Welcome to 13 Streamwood Lane - a modern marvel of privacy, proximity and worry-free living. Situated on a secluded 2.5 acres lot you are at the same time close to neighbors but private and peaceful. When you go beyond the cul-de-sac you realize the magic of being walkable to all Falmouth schools (elementary, middle, and high), The Woodlands Club, multiple nature and recreation trails, preserves and parks, and just a short drive to the center of Falmouth and Portland. It really is the perfect place! Step inside to discover a home designed for you and everyone and everything you love. The inviting layout is both formal and familiar and at once spacious and grand yet warm and welcoming. At a commanding 6,000+sf with 6 bedrooms, 5 baths, multiple living and flex rooms, a home theater, and finished game room basement, there is something for everyone. For those who work from home - this home has you covered. Want the ideal place for family and friends to gather anytime of year - this home has you covered. Want the ultimate in low maintenance, low stress and move-in-ready quality - this home has you covered. Want the lifestyle that comes from being close to everything (especially knowing you don't have to shuttle the kids back and forth to school...) - this home has you covered. As we head outside we leave through the oversized, attached 3 car garage, pass by the perfect patio with built-in chef-inspired grill, the gazebo and end at the hot tub. Remarkable - isn't the

right word. Impressive - is getting closer. We will let you choose the superlative but don't wait...
