Overview

All this character carefully placed throughout this beautiful 3 bedroom home. Make your own memories in the den by the fireplace with built in bookshelves. Find your way to the sun room letting in so much natural light off the living room. Up the wooden staircase are the bedrooms keeping them together on the same level. Journey on down to the finished basement with unlimited opportunities. New siding and roof installed in 2023. Radon Mitigation system installed in 2022.
