Overview

Rarely does one find elements of privacy, craftsmanship and convenience within a single offering. Welcome to Ridge View, a remarkable estate parcel set on 21(+/-) acres of privately owned land in the resort town of Wolfeboro, NH. Enter from the road and wind up the private driveway. Sited at the crest of gentle knoll, Ridge View overlooks beautifully landscaped grounds with stunning views that extend beyond Ossipee Lake to the White Mountains, including to Mt. Chocorua and even Mount Washington on a clear day. Relax and take in the views from a custom hardscape patio and attached deck. Enjoy a morning cup of coffee or an evening libation in the screened gazebo with stunning views. An open concept floor plan provides over 5,000 square feet of finished living space. A hallmark of this home is its bespoke architecture with an abundance of glass that brings the outside in from almost every room in the house and creates a seamless connection between indoor and outdoor living. A large primary bedroom, located on the main level, features towering ceilings and high efficiency mini-split air conditioning, walk-in closet and an ensuite bath complete with its own jacuzzi-style soaking tub and tile shower. A whole home generator provides assurance year-round. Despite its uncommonly private setting, Ridge View is only about 15 minutes from downtown Wolfeboro. Showings

begin at the OPEN HOUSE Sunday Aug. 11th 10am to noon.
