Overview

Just listed! Rare opportunity to purchase this completely renovated cape-styled nine room, four to five bedroom, two full bath south-end home sited on a well landscaped lot just a few minute walk to the beach/ocean access right-of-way to sandy Seabrook Beach! Tucked up high on a lot, this home is in move-in condition and extremely low care on the exterior. The private, fenced-in rear yard features mature trees and plantings, a storage shed, outdoor shower as well as a 25'6 x 15'9 rear deck. Enter into this beach house through the heated and covered year-round sunroom with hardwood floors - a wonderful space to spend your summer evenings! Formal living room offers more hardwood flooring and features detailed coffered ceilings and it is anchored by a natural gas fireplace (formerly wood-burning FP) and an oversized picture window to the street. Open concept formal dining area is open to the formal living room and the renovated custom kitchen with updated stainless steel appliances. First floor 17'0 x 11'7 family room easily converts to a fifth, first floor bedroom if needed. The second floor features four generous bedrooms including the primary bedroom. Upper hallway features a large, 15'3 x 10'5 landing area. You won't find a more charming, year round home on the beach that is this well located and that is in such great condition. Come start

making your own memories at the beach! Delayed showings begin on Saturday, August 10, 2024 by appt only.
