Overview

This spacious estate sits on nearly 6 acres and features an expansive 40x64 metal outbuilding. The inviting open floor plan seamlessly blends the chef's kitchen and great room, making it perfect for entertaining. The kitchen-great room concept allows for a seamless flow between living spaces, ensuring comfort, conversation, and dining. The home boasts wood-grained tile floors, a cozy fireplace, and large windows that fill the space with natural light. The generously sized primary suite offers two walk-in closets and a luxurious private bath with a floor-to-ceiling tiled shower and separate sink vanities. With three levels of above-ground living space and an additional garden-level, partially finished basement, there's plenty of room to grow. Enjoy the serene nature views from the back deck or yard, and the 12x64 private patio attached to the outbuilding offers a picturesque setting feeling of exclusive winery tastings. The basement and third floor offer opportunities for expanding bath and living areas.
