Overview

This newly renovated home is nestled on a peaceful 1-acre lot. The spacious living room hosts a cozy fireplace with mantle, and the tall ceilings create an open and airy space. The kitchen boasts sleek countertops, under-cabinet lighting, and a gas range a chefs dream! The primary bedroom features an ensuite bathroom with an oversized walk-in shower with double shower heads and large walk-in closet. The laundry room is also conveniently located inside. Spread out and enjoy 1 acre of beautiful land at this property! The exterior of this home features a rear porch, carport, and covered storage space. The mix of cleared areas and mature trees provides space for outdoor activities while preserving the natural landscaping.
