## Overview

This home has it all: beautiful country setting, lots of room to spread your wings, a soothing pool right out the backdoor, and a huge garage for work and toys. You're going to love it here! Located just minutes south of Columbia, and not far from Lake Cumberland, this totally remodeled home exudes charm and gracious country living, with some great features throughout. Modern, bright rooms meld perfectly with vintage touches. A large kitchen and spacious rooms welcome all comers. A soothing 18'X36', in-ground pool is waiting just out the back door for summer fun and relaxation. This area is all surrounded by a brick patio fence to keep animals and unwanted visitors from using the watering hole uninvited. This is a great place for entertaining and relaxing in private. The large 2.49 acre, totally unrestricted lot has plenty of room for expansion or for that garden you've dreamed of. It has recently been home to a few calves and a couple of Alpacas, so it is suitable for many uses. The huge 30'X65' garage has tons of room, and includes a full shed on the back. The possibilities for this great building are virtually endless. This property is the total package, which rarely comes along, so don't miss it! Call today to schedule your private tour.
