## Overview

Enjoy an almost new ranch townhome in the highly desired Stonewater neighborhood! Barely lived in, and upgraded with Whirlpool Stainless Steel Appliances, window treatments, storm door, water softener, and new carpet. Features include low maintenance living with 2 bedrooms, 2 full bathrooms, 2 car garage and 9' ceilings. The Elliot model has an open floor plan with the kitchen open to the living room and dining area. Kitchen includes large island with eating bar, designer cabinets, quartz countertops, stainless steel appliances and a conveniently located pantry. Bedroom 1 includes a private bath with dual bowl vanity, linen closet, spacious shower and large walk-in closet. Professionally landscaped corner home site that you'll enjoy while relaxing on your patio. Lawn care and snow removal is taken care of through association. Builder has great plans for this neighborhood, including a recently opened pool, a gym and dog park are in the works. America's Smart Home Technology included, which allows you to monitor, control your home, and connects to your smartphone, tablet or computer. Rentals allowed. Schedule a showing today!
