Overview

Zoned for residential use, this 3.65 acre lot presents an opportunity for various housing configurations. Whether you envision a luxurious single-family estate with ample space for gardens and recreation, or you're considering a multi-unit development to cater to growing demand, this property provides the flexibility you need. Benefit from existing utilities access, making the development process smoother and more cost-effective. Electricity, water, and sewage connections are readily available, allowing you to focus on the creative aspects of your project.
