Overview

This aesthetically pleasing 4-bedroom 2-bathroom home is located in a quiet area on a dead-end street on the North end of town close to the hospital, schools, and parks. The character in this home is so charming with hardwood floors and a gas fireplace with a shiplapped front paired with a beautiful mantle. The outdoor space is unreal: Rainbird Sprinkler System, Barbeque gazebo, firepit, inviting patio area, custom built playset enclosed with rubber mulch, detached garage has attic storage and shed for extra storage located behind the garage. Master suite and additional living room and dining room area located in the basement. Very warm and inviting atmosphere nestled in the city with a serene country like setting.
