Overview

ONE OF A KIND! Awesome 3 bed plus home with an INDOOR POOL Addition! Main floor bedroom has its own Library/office space and bathroom which leads directly to pool! 2 upper floor bedrooms and non conforming space in basement could be used for 2 more bedrooms or play space and lots of storage. No expense spared on this full size pool as far as technology is concerned. Easy to maintain with security system controlled cover to keep kids safe when not in use also allows this addition to become a family gathering area and exercise room. This space is setup with Bar area, large TV and is beautiful at night with skylights. This home also has a sunroom which could be used for a hot tub or converted to a main floor laundry, a separate 10x30 building which contains a wood heat sauna and additional storage and a 18X14 Barn! Use your imagination on this barn...bunkhouse or animals!? 2 sets of patio doors allow access to huge back yard! Point in basement for water to sauna. Basement can be accessed from house or garage. This property is se up for large family gatherings with ease, owner has regularly had 65 people seated in pool room for meals! See a full Pool Info sheet in Documents on Paragon. Pre Qualified Parties only please!
