Overview

Stunning Custom-Built Cabin on 40 Acres with Riverfront Access Experience the tranquility of nature with this custom-built cabin nestled on 40 acres of pristine land, featuring a river that gracefully winds through the corner of the property. This picturesque estate boasts rolling meadows, majestic fir trees, and diverse terrain, including steep timberland. Key Features: Water Supply: Spring-fed water system with gravity flow to multiple storage tanks, totaling approximately 7,000 gallons. There's also a small overflow pond on the property. Energy Efficient: Equipped with a solar system, complete with battery backup and generator compatibility. Spacious Design: The cabin includes an upstairs loft sleeping area and a large open floor plan. Enjoy breathtaking views from the sliding glass doors that open to a wrap-around deck. Ample Parking: A spacious garage accommodates up to four vehicles. Additional Space: An extra outbuilding with a wood stove and running water, perfect as a guest cabin. This unique property offers endless opportunities for hunting, fishing, and immersing yourself in the unspoiled great outdoors. Don't miss your chance to own this exceptional slice of paradise.
