Overview

Back on the market through no fault of the property. Impeccable cabin with top-of-the-mountain views on 20 pristine acres bordering USFS land on two sides. Sweeping views of the Whitefish range from this mountain-top setting. This 12X16' off-grid cabin comes with a small turn-key solar system with a Jackery 1000 Explorer battery/solar unit for interior lighting. The cabin includes a wood stove for heating and a propane refrigerator. Wired for phone and internet, this well-constructed cabin is ideal for hunting or as an emergency preparedness site. Watch the sunrise over the mountains from the deck of this cozy little cabin and enjoy the peace and solitude of 20 remote acres in the Montana wilderness.
