Overview

One of the last prime building lots in prestigious Blackhawk Ranch with southern exposure perfect for maximizing a passive solar design/build. Mature trees affording privacy, level building pad and easily placed utilities make for a well situated and cost effective build. Ideal location for your recreational getaway. Enjoy the 364 acre wildlife preserve, over 500 acres of preserved Open Space, and the Blackhawk Community River Trail System connecting over 500 miles of trails in Valley County with private trails along the Payette River for hiking, biking and fishing. While living in your own private Idaho you'll still be only 10-15 minutes from Downtown McCall, the hospital, grocery store and other amenities. Start your mountain escape today!!
