Overview

New Construction! Walk out ranch! 1.8 acre lot, perfect for a pool or outbuilding to be added! This open concept ranch style home has a split floor plan. The family room has a stone fireplace with a great accent wall. The kitchen has stainless appliances, gas range, quartz tops, and a large island. The covered porch off of the kitchen has a beautiful view and trex style flooring. The primary bedroom has a vaulted ceiling and beautiful engineered floors. The bathroom has a large walk in shower and a stand alone tub. The basement is finished out with a large family room, bedroom, full bath, and a basement 1 car garage perfect for mower and hobby storage! There is also plenty of storage or space to add another room. Come check this out!
