Overview

This fully remodeled home in Hooks, TX was completed in 2022. The renovation included replacing all the flooring, addressing and repairing the foundation as needed, installing new flooring throughout the home and updating all light fixtures. The three bedrooms are spacious, and both bathrooms have been completely updated. One features a tile/tub combination, while the other boasts a spacious walk-in shower. Two new vanities have been added to complete the look. With everything done this home is move-in ready! Not only is there a two car garage attached to the home, and additional cover has been added for even more space. In the evenings, you can relax on the covered back porch, which provides privacy. Additionally, there is a shop area in the backyard for any handyman tasks.
