Overview

You know when you hear the words DREAM HOME and suddenly, your head fills with visions of LUXURY and GRANDEUR? From the moment you step inside, your dreams will be discovered! In the kitchen, you'll find appliances worthy of a chef's kiss such as a Wolf range, Sub-Zero refrigerator, secondary oven, wine fridge, soft close cabinets, and a stunning center island. This gorgeous kitchen opens to the great room where a warm, modern chandelier will catch your eye. Downstairs you'll also discover the primary bedroom with private laundry facilities, custom closets, and an oversized soaking tub for mind and body relaxation. Upstairs you'll find each bedroom with walk-in closets, a secondary laundry facility, a loft area, and flex space... will you use it as a family room? A home theater? What about a home health club? Here's the thing, it's YOUR vision to create! I don't want you to miss the room near the front of the home with cool, contemporary glass sliders! In this home, you won't spend your Saturdays mowing, maintaining, clipping, and blowing! Here you can enjoy your days off with this low-maintenance yard while living in Granite Bay. Being close to Folsom Lake has its advantages too! With the cool, evening breeze it's a scenic landscape for an after-dinner walk.
