Overview

HOME IS 'ACTIVE' and NO LONGER 'ACTIVE WITH CONTINGENCY' due to no fault of the seller's or the home. Beautiful home built in 2020 in the blossoming and newer Woodland Heights subdivision that has quick and easy access to US 60 and US 63. A covered front porch entry leads to the open-concept living area. The home includes- new high quality cedar fence installed last summer 2023 w/2 large swinging gates for auto access- updated bathroom- large garage with plenty of storage space, including temperate, insulated room above accessible by pull-down ladder in the garage- kitchen and laundry area have increased storage w/shelving and island with deep cabinets- electric remote-controlled fire place for visual and heating effects- walk in closet large enough for his and her clothing in the primary bedroom- his and her vanity in the primary bath- large rear deck and firepit area large enough for entertaining and relaxing around a fire or lounging in a hammock as the sun fades beyond the backyard horizon- large open kitchen/dining/living area with plenty of room for a large sectional couch, dining table, etc. APPLIANCES NOT INCLUDED IN THIS SALE: clothes washer and dryer, refrigerator. NOTE: This street is listed as Juniper STREET on Google maps but it IS Juniper AVENUE.
