## Overview

Located close to the Rochelle school, this home sports an awesome four bedrooms and three-and-a-half bathrooms, in just over 1,800 square feet, while still maintaining ample space in the common areas. The home also has an ideal floor plan, boasting split bedrooms and a walk in pantry that connects to the utility room in a smart layout. The attached double garage is massive, sitting on an additional 1600 square feet of slab, leaving plenty of space for needs of any kind. Included in the garage is a tool room and a half bath, and a super convenient side entry door. Inside the home, a large format tile can be found in the bathrooms, kitchen, and dining areas, waiting to be complimented by a flooring of your choice where carpet has been removed. This home is an incredible opportunity for anyone unafraid of cosmetic updates and in need of the abundant space here.
