Overview

Built on 1.34 acres, this Lorena ISD home also lays claim to a large portion of the private lake it sits on. With it's own private dock and private lake access, you can launch a kayak, fish for hours, enjoy a late night under the stars on the dock, all while feeling serenely immersed in the beauty of Texas farm country. Once you experience it, you will find it hard to believe you are just fifteen minutes from town and just over fifteen minutes to downtown. Upstairs is a covered deck to soak up stunning sunrises and downstairs there is a large patio to enjoy beautiful sunsets. There is plenty of space, storage and shelter already set up out back, so bring your farm animals! The home itself is a three bedroom, two bathroom home with a bonus bedroom and bathroom upstairs, as well as a bonus living space upstairs. The central living room features a beautiful brick fireplace and vaulted ceilings, all leading to the kitchen and dining area. Move right into this home or remodel it according to your design preferences. Either way, this house presents a uniquely affordable opportunity to live out the dream of living lakeside while remaining a short drive to everything.
