Overview

Contact Matt Klein with Century 21 Associated Realty Inc. to schedule your viewing of this 5 bedroom 2 bathroom home on very accessible 5.64 acres. This property is so unique and charming, the land has a park-like setting with ample room for RV parking, chicken coops, among a swath of other potential usage. The home has had EXTENSIVE renovations and remodeling over the past 3 years, including a kitchen remodel with new flooring, cabinets, countertops, and appliances. Sellers remodeled the room above the garage and created a new bedroom with walk-in closet and walk-out to the side patio. Gorgeous living room with remodeled stone and mortar fireplace, tongue and groove wood on the walls. Bathroom on the main floor and lower level have been remodeled as well, the main floor bathroom having a dual shower head installed. Laundry services were installed on the main level in one of the main floor bedrooms. Basement also has laundry services, ample storage, a nice game room with fireplace, and a single non-conforming bedroom. There is office space or added storage capacity here. The home has a drive-under garage and is accessed in the basement. Other major updates to the home include updated electrical panel and outside panel for generator backup, opened up the dining room to the kitchen by removing a wall, created RV pad with gravel and 50 Amp electrical pedestal, installed 1500-gallon septic tank for RV dumping, among a host of other

great updates to the property.
