## Overview

This home is seeking a new owner that will love and care for it the way it has been loved and cared for since its construction by the owner in 1999! This is one special property that has been meticulously maintained! Boasting well over 8,000 square feet, this 6 bedroom, 5.2 bath custom home is truly unique and has an incredible amount to offer! The first floor provides a primary suite, home office, living room, dining room, mud room, two powder rooms and a warm and generous kitchen with a beautiful hearth/family room! It also offers two fireplaces, vaulted ceilings, cathedral ceilings, two staircases and an extra tall heated 3 car garage with epoxied floors! Wait! There's so much more! Resting on 1.25 acres, this expansive property impresses with its professionally landscaped grounds, mature trees, extra frontage, loads of perennials, outside lighting and brick paver walkways! You will be wowed by the fantastic heated, saltwater in-ground pool, hot tub, sports court and extra garden space! The walkout basement is equally impressive with its custom theater/media room, second kitchen, 3rd fireplace, exercise room (with infrared sauna), music room, 6th bedroom, full bath along with loads of storage as well! The second story provides four additional extremely generous bedrooms, two full baths and a Jack and Jill setup. You can enjoy the grand views of the

first floor from the second floor bridge! You will find the laundry area and giant sewing/craft room on the third floor! There is also access to a great attic as well! This home is a truly one of a kind entertainer's dream! It is custom and special in every way! See additional info for a long list of special features! Schedule your showing today!
