Overview

Presenting a renovated and ready, 4 bedroom brick home, on.69 acres, with a big 30x30 workshop. You will love the bougie upgrades including a 1 year old roof, panoramic electric fireplace, quartz kitchen counter tops and LVP flooring. Location is important and this large parcel is centrally located in Celeste, close to the post office and boasts long US Highway 69 road frontage. The stand alone workshop, has electric, a roll up door and a concrete floor. This could potentially be a fantastic business location. The home flows nicely from the large entry living room, into the kitchen and dining area and features a generous sized primary bedroom. After dinner you will enjoy evening on the covered patio. Information deemed reliable; however buyer should perform due diligence. Graphic boundary is approximate.
