## Overview

Beautiful updated custom built home located in the View Hills Subdivision. With approximately 3,969 square feet, this home is much bigger than it looks from the street. Built in 1968 with storage and hosting in mind, this home underwent an extensive renovation in the last year. The home features brand new hardwood floors, new marble and quartz countertops, custom built cabinets, new windows, new carpet, new light fixtures, and a neutral color scheme throughout the house. The home features three levels with a large basement under the house for two cars and storage. The main level has an open concept throughout with a large family room and newly renovated kitchen with all new appliances including a gas range, dishwasher, refrigerator, and a farm sink with a disposal. With the primary bedroom on the main floor, this home has four bedrooms with an optional fifth bedroom on the main level. There are two and a half bathrooms on the main level with one bathroom upstairs. The storage areas in the house are abundant with three walk in attic rooms on the second floor. The property includes almost 2 acres of a beautifully landscaped yard with a sprinkler system and a fenced backyard.
