Overview

Your own private oasis awaits in this spectacular San Juan home. Located in the gated community of Rancho San Juan, this property has it all! The back yard has a large pool with water features, Baja shelf and built-in table. There is an enclosed California room with a custom enclosure with built-in screens that includes a fireplace, heaters, entertainment built-ins and tv. The California room is adjacent to bi-fold doors in the kitchen, that bring indoor living outdoors. The spacious kitchen has been recently remodeled, with matte porcelain counters, white cabinets with customizations, stainless appliances, walk-in pantry and a built in refrigerator. This 5 bedroom PLUS office floor plan includes a downstairs guest suite (bedroom and en suite bathroom), an office with built-in desks (this could be a 6th bedroom), and two, 2 car garages (4 car garage). Upstairs includes the primary bedroom with a gorgeous remodeled primary bathroom. This bathroom has custom vanities, tile work, a stand alone claw tub, expansive shower and water closet. Also upstairs are three more bedrooms, one with an en suite bathroom and a jack and Jill bathroom in between the other two bedrooms. Additional upgrades in this home include hardwood floors, recessed lighting, custom wall treatments, ceiling fans, whole house fan, remodeled staircase and built-ins. This home also has solar that is paid for. Close to San Juan Hills high school, this modern home has lovely hills and mountain

views, on a 10,000sf lot with no one behind. Dont miss this one!
