Overview

This 2,600 square foot, 4-bedroom home sits on 10 acres with a small barn and chicken coop, perfect for the hobby farmer. The property offers plenty of room for activities, entertaining, or relaxing on your own private piece of land. Inside, the home features an office, a bonus room, and a cozy media room. The living room has a wall of windows that bring in natural light and provide great views of wildlife. The updated kitchen boasts quartz counters, black stainless steel appliances, and a large island, making it ideal for cooking and entertaining.
