## Overview

This beautiful Osterville residence, meticulously renovated and in turn-key condition, features stunning landscaping and a private setting. The thoughtfully designed home combines quaint charm and modern conveniences. A well thought out floor plan, with the family room, spacious dining area, and fully equipped galley kitchen with modern appliances creates a cozy and functional space at the back of the house with access to a large and beautifully landscaped backyard. The living room, half bath, and primary suite on the first level with luxurious bath are perfect for relaxation and comfort. Two additional large bedrooms and a full bathroom can be found on the second level providing excellent privacy and space for guests. Sited on a .66 acre lot, and being offered with the adjacent .45 acre lot, this combined acreage creates a stunning setting complete with multiple seating areas, new Swim Spa, outdoor shower, fire pit and detached two car climate controlled garage.
