Overview

Tall and Newer 5+car Garage on approx. 44, 260 sf(143 ft wide by 309 ft deep) of usable and pretty much flat land. That 2, 000 sf garage was added around 2010 with 220V line available. Long driveway to accommodate additional RV, boats and a lot more vehicles. The 4 br(2 Main Suite) + a sewing/office/game room, 3.5 ba, and a total of 4, 382 sf One-Level home was completely remodeled and custom redesigned with most all interior walls removed in 2001. Additional square footage added. 50-year asphalt roof. Manufactured stone details in the kitchen, family room, and exterior. Large two-door walk-in pantry. Vaulted Beam Ceilings in the workroom, living room, family room, and kitchen. Whole house fan. Covered patio. Two separate Main Bedrooms, one with tub and shower and another with shower. The Main Bedroom has his and hers large closets. The Jr Suite has 2 closets. The 4th bedroom has been converted to an office that can be switched back. Laundry room with washer and dryer ~ and bachelor's pantry with sink and wine cooler. Fireplaces in Living Room and Family Room. 16 Fruit trees - Three varieties of oranges, one of tangerines plus apricot, peach, loquat, pink grapefruit, tangelos, and a miniature avocado tree. Horses allowed. It's like country living.
