Overview

Tucked away on just over an acre this 3 bedroom, 2 bath ranch boasts multiple garden areas and beautiful mature landscaping as well as plenty of living space. The inviting covered porch leads inside to the front entry, open living room and dining area. The galley kitchen offers great counterspace and beautiful wood cabinetry. The bonus family room is highlighted by a stunning stone fireplace and gorgeous natural light. Down the hall, three spacious bedrooms, including the master with a private full bath, all offer fantastic closet space. Explore the incredible backyard with multiple walking paths and large garden shed plus a cute cottage! Take a look at this unique property today!
