Overview

Located at the end of a dead-end road and surrounded by mature trees, you will find this stunning contemporary home, which was built in 1998. Upon entering the front door, you will immediately notice the exceptional care that has been put into maintaining this home, making it ready for the next family to enjoy. The living room features a beautiful stone fireplace that will be perfect for staying warm and cozy this upcoming fall and winter. With five spacious bedrooms and 2 baths, there is plenty of room in this home. The primary bedroom with a spacious walk-in closet, complete with a full primary bath, is situated on the second floor, however, there is a bedroom located on the main floor. There is also motion-activated lights, in the hallway from the garage, in the downstairs bathroom, and at the top of the stairs to the basement. If you have a passion for gardening, you will appreciate the greenhouse for starting your garden early, as well as the fenced area to keep your garden protected and looking beautiful amidst the surrounding wildlife. The property already boasts established blackberries, raspberries, blueberries, and grapes. The finished basement provides a great space for gatherings, complete with a projection screen. Plumbing is already in place to install a bathroom in the basement. Additionally, there is a fenced area off the basement to keep

pets safe and contained. For outdoor entertaining, you have the option of the large deck overlooking the backyard or the nice patio area. This homeowner has kept up with maintenance, having replaced the roof in 2019, the furnace and air conditioning in 2020, and having the septic tank pumped last year. A Generac whole-house generator ensures that you need not worry about power outages. If you are looking for a home with an abundance of space, seclusion and no work needed, you'll want to make sure this home is on your list!
