## Overview

Investor's Dream: Brick Home on 3 Acres- Opportunity knocks with this 3-bedroom, 2-bathroom brick home set on 3 acres. The living room features vaulted ceilings, a wood accent wall, and a fireplace. All 3 bedrooms are of generous size. The expansive property is highlighted by a stately pecan tree, vibrant crape myrtles, and some established grapevines offering a tranquil country setting just outside town. Plenty of room exists for a garden, chickens, a horse, or other animals. Large area at the back of the property would be perfect for a metal shop building. Ideal for investors or DIYers, this fixer-upper presents a chance to create a charming country retreat tailored to your vision. Property is being sold AS IS, NO REPAIRS with NO survey. Information deemed reliable, but not guaranteed buyer and agent to verify all information.
