Overview

This 40' slip on Conch Pier can accommodate a total vessel length of 45" and offers state-of-the-art floating docks. This slip is equipped with a brand new SeaPen boat lift. This lift will keep your boat out of the water when you are not using it. See the video in the video tab for a quick demo. Sunset Marina has every amenity imaginal and is located on the "lee" side of Key West, priding itself on having been a "storm shelter" and just a great spot to keep your prized possession. Quick access to all that the lower Keys offer. Come take a look! This is a lived aboard slip and much cheaper association dues than most Marnia's in The Florida Keys. Any and all boats not included.
