Overview

You can be the proud owners of this country getaway on 120 acres of Northland paradise. Hand built by owners from locally harvested Norway Pine, this 540 sq ft. cabin is nestled in the woods far enough away from the hustle and bustle, yet centrally located near local amenities such as Giants Ridge, Lake Vermilion, and the Boundary Waters. Well insulated cabin features metal roof, bamboo floors, professionally installed windows, wood stove, gas lights and range, and beautiful tongue and groove ceilings. Open floor plan providing spectacular views from all angles. Main level and loft bedroom for extra privacy. Outdoor features include a large front deck, custom built sauna w/deck, full woodshed, upper and lower bonfire pits, and plenty of yard space for outdoor games or peaceful relaxation. Extensive trail system links up to acres of state land and ATV/snowmobile trails. Plenty of wild berries, and wildlife round out this piece of restful seclusion. Warmth, beauty and a GREAT BUY!
