A very unique house or getaway place for an individual or a couple. An attached carport greets you when you turn the corner and see the house, along with a ramp that leads you to the entrance. When entering the door from the front, covered porch you will step inside the great room. Off to the right is the kitchen area with the necessary appliances and a large pantry. To the left of the front entrance is the space for a family room. There is a sense of openness, comfort, and peacefulness. Beyond the great room, walking straight ahead is the bathroom. To the left of the bathroom is the spacious master bedroom with a large lengthy closet to accommodate many articles of clothing and other personal items.
