Overview

This meticulously maintained condo is a fantastic alternative to single-family housing, which is in short supply. This charming, move-in ready three-bedroom, three-bathroom condo offers versatility with its first-floor one-bedroom or den, a half-bath (which can be reverted to a full bath), and convenient laundry facilities, making it perfect for guests or flexible living. The condo features beautiful wood floors, a spacious kitchen with a pass-through window to the dining room, and an open dining and living room setup. An extra perk is the enclosed sunroom with flagstone tile, skylights, and an overhead fan. Additional modern comforts include central air conditioning and a forced hot air heating system. Recent HOA updates include a new roof approximately in 2020 and new siding in 2016.
