Overview

Beautiful five total bedrooms and four full bath custom home constructed in 2010 in sought after Westmont. Home features open floor plan, large cathedral ceilings, and hardwood floors throughout. Kitchen opens to large living space with stone fireplace, has loads of granite counter space, storage, tile backsplash, and stainless appliances. Large primary suite with double walk-in closets and spa like bathroom with soaking tub, glass shower, and dual vanity. Two more spacious top floor bedrooms share another large bathroom with dual vanity sinks and bathtub. Second floor large laundry room to save you from doing stairs with every load. First floor has fourth bedroom next to another full bathroom and fifth bedroom in the basement also has full bathroom, so lots of options for larger families. Two car garage and finished basement. Close to shopping, restaurants, trains and expressways this home has it all so book an appointment today.
