## Overview

Tucked away amongst 35 acres of rolling hills and aspen groves hides a perfect mountain retreat with everything you need and nothing you dont. Escape to this well-maintained and deeply loved home to enjoy peaceful days and starry nights. Everything from the tongue-and-groove aspen ceiling to the CNC custom-carved beetle pine doors and wildlife dcor down to the porcelain tile floor is an homage to mountain life. It comes furnished with finely handcrafted bed frames, cabinets, and storage made, with love, from beautiful beetle kill pine from Bailey, CO. The property comes with three total outbuildings: at the end of the drive by the road is a small storage shed, located behind the house are an insulated and heated ATV storage shed with power and a Tough Shed workshop complete with bench, power, heat, lighting, and 220v. The home sits on a county-maintained road right in between Highway 285 and 24, giving you ease of access to Denver or CO Springs and all the hiking, fishing, skiing, and other activities the high country has to offer. The home's 4+ person capacity can easily be expanded with the two RV parking spots with 110v connections and full dump station. With fresh exterior paint, plenty of storage space, 5 ft insulated crawl space, and so much more - you need to see it in person to truly appreciate it. This retreat is ready and only needs you to make it

complete!
