Overview

Perfect for entertaining, this huge and recently remodeled home backs up to the Exeter Golf Course and features a raised deck with serene views of the course. Boasting over 3000 sq. ft., it offers 4 bedrooms, 2.5 bathrooms, an office or hobby room, and a spacious kitchen with a breakfast bar, shelving, a double corner sink, and ample pull-out storage. The expansive 13,500 sq. ft. lot includes mature landscaping, a large secluded pool, and a covered patio. The bedrooms come with large closets for ample storage along with a huge walk-in closet in the master bedroom. Recently updated, the home now features new tile floors and counters, appliances, faucets, paint, cabinets, light fixtures, ceiling fans, and interior doors. Located in an established Exeter neighborhood, this fabulous home is offered at a great price. Don't miss out on this fantastic opportunity!
