Overview

Brand new flooring and HVAC system! This 3 bedroom mobile home offers a wide open concept living, dining, kitchen space. With brand new LVP flooring just about a year old, there's no worries here with cleaning or stretching carpets. New heat pump will keep you cool in the summer and toasty all winter. The kitchen provides plenty of counter space for prepping meals and with laundry right off the kitchen, it's easy to get all your chores completed. The primary suite has a spacious bathroom with step in shower. Outside there's a covered rear deck plus second tier uncovered deck and on the side there's a covered deck/carport space that a ramp was recently built at to make accessing the home even easier. A large shed outside gives storage space for your seasonal or outdoor items. Park approval required, background check and credit check will be completed as part of application process.
