Overview

Move in ready home with tons of upgrades, energy efficient features, possible RV parking, corner lot and landscaped front and back yard! Did that catch your attention? This home has it all! Spacious open floor plan with an open kitchen that features granite countertops, large island plus a pantry to store all of your goods. This home has 3 bedrooms plus an office/ flex space that you could make into another bedroom if you want to! Backyard is low maintenance with concrete, lovely greenery and a pergola to provide shade on those hot days. The location couldn't get any better, just a few minutes from major freeway and shopping! This one is a must see!
