Overview

Investment opportunity within minutes to Darien. This one-of-a-kind fixer upper could be the opportunity you have been looking for. One part of the home has been completed and offers a 2-bedroom 1 bath with galley style kitchen and could use some TLC but could be suitable to the right person to live in while completing the unfished side of the home. This block structure is built to last and withstand the test of time. The unfinished side of the home has already been studded up for a 1 bedroom 1 bath with large living space but if this layout doesn't work for your vision, you could always change it. This property could be used as a duplex and you could rent each side or live in one side and rent the other. Home is not currelty connected to county water but would have access to it and has 2 septic tanks already in place. Property is sold AS IS.
