## Overview

Here is your opportunity to own a great home in Pine Mountain Lake. Located on a quiet street, seating at the top of the ridge surrounded by mature trees and mountain views. The home has a great layout and lots of space inside and out to enjoy with your family and friends. Just about every window boasts mountain and tall pine tree views, while allowing lots of natural light inside. Large living room has wood burning stove that keeps the home warm and cozy during winter nights. The outside decks provide an inviting outdoor space to relax and soak in the serene surroundings. Watch wild deer, turkeys, occasional bear, bbq or connect with the dark sky full of stars. The main level of the home has a one bedroom and one full bathroom while upstairs has two oversized master suits. One of those has additional deck and oversized bathroom with a soak in jetted tub. There is plenty of closets and storage through out. Central heat and a/c will keep you cool or warm any day of the year. Recent upgrades include a tankless water heater, and laminate flooring in the common areas and stairs. Unlike many homes in the area this one offers a driveway that is easy to get in an out and also has space for an RV, boat or BOTH. There is a detached two car garage as well.
