Overview

1112 E Vance St, Murfreesboro, NC presents a unique opportunity for a hands-on investor. This 1,160 square foot, 3-bedroom, 1-bathroom house offers a spacious porch and a distinct aesthetic with its all-wood paneling interior. Its prime location, just a 2-minute drive from the Meherrin River, adds significant appeal. However, the property requires substantial renovations, including essential repairs to the floor joists and a replacement for the current tarp covering the metal roof. Investors with a keen eye for potential and a willingness to invest in renovations will find this property intriguing. Don't miss the chance to turn this property into a lucrative investment.
